WORK EXPERIENCE

Delta Air Lines, Atlanta, GA

May 2023 - Present

Security Operations, Co-Op

- Strengthened aircraft network security by collaborating with TechOps Systems Operations to identify and mitigate security vulnerabilities affecting 100+ aircraft systems.
- Coordinated closely with TechOps Maintenance vendors and suppliers to obtain manuals needed for successful completion of projects and repairs.
- Improved security documentation by analyzing 10+ security policies and procedures, identifying outdated practices, and recommending updates to enhance compliance and risk management.
- Communicate with Supply Chain, Outside Repair, Maintenance Vendors and Suppliers for creation of New Vendor accounts and assignment of CITRIX group ID's as well as Delta PPR numbers.

Kids Next Code, Atlanta, GA

January 2023 – April 2023

Mentor

- Provided mentorship for middle school and high school students on a robotics team of 12+ members.
- Helped to design, program, and build a robot capable of competing in the FIRST Robotics Competition.
- Usage of Java libraries, API Documentation, Git, and other tools to effectively deploy and maintain code.

PROJECT EXPERIENCE

Kennesaw Society of Black Engineers Website, Creator

July 2023 – Present

- Designed, built, and actively maintain a professional WordPress website a non-profit organization.
- Optimized for exceptional performance and ease of navigation. Included documented maintenance procedures, ensuring future elective boards can effortlessly sustain and evolve our online presence.

Shopping Lines, Creator

August 2022

- Developed a program that simulates real-world grocery store lines using Java's array list of queues.
- Prompts the user to generate a set number of customers and adds each new customer to the shortest line.
